ENHANCED GEOGRAPHIC MAPPING

If you need to show that something looked "this
way" one day and "that way" after DOI, use this tool.
It works for all time, allareas. This is good for fires or https://livingatlas.arcgis.com/wayback/#active=13968&mapCenter=-
for illegal building additions, etc. 115.29850%2C36.06400%2C15
View fires (larger than a car fire) by date from
around the world, reported by NASA https://firms.modaps.eosdis.nasa.gov/map/#d:24hrs;@0.0,0.0,3.0z
If you need to see live webcams use this. Not all
webcams are included, it's crowdsource https://www.skylinewebcams.com/en/webcam/united-states.html

FOR YOUR OWN PROTECTION
If you suspect a URL is wormy or connected to bad
people, this site will show you all the risks before https://pagexray.fouanalytics.com/
